Sir:

Interview Summary

In a telephonic interview on April 22, 2005, Applicants' attorney authorized Examiner's amendment of Claim 1 to correct the values of p and m to correspond with the values of p and m found on pages 18 and 19 of the instant specification, i.e., $p = 0-5$; $m = 1-6$. Agreement was also reached to add a period to Claim 18 by Examiner's amendment.

Reason for Allowance

Applicants agree with Examiner that the instant invention is novel and unobvious relative of the closest prior art.

Respectfully submitted,
